

Nitish Kumar

MERN Stack Developer

Karnal | nitish.kumar.ku968@gmail.com | +918307108505 | <https://github.com/Nitish2909>

SUMMARY

Passionate MERN Stack Developer with a strong focus on building efficient, scalable, and secure applications. Experienced across the full software development lifecycle, from designing user-friendly interfaces to backend development and application deployment. Highly motivated to continuously learn and explore emerging technologies.

EDUCATION

Bachelor of Computer Application - Pt. Chiranjilal Sharma Govt College (KUK)	[2023-2026]
Senior Secondary (XII) - D.A.V. Sr. Sec. School (Boys), Karnal (HBSE)	[2022-2023]
Secondary(X) - Lather High School, Karnal (HBSE)	[2020-2021]

PROJECTS

Interview-Prep-AI (02/2026 - 2/2026) (Github Link : <https://github.com/Nitish2909/Interview-Prep-AI>)

A full-stack web application designed to help students and professionals prepare effectively for interviews.

- Generates interview questions and answers based on role, experience level, and selected focus using AI.
- Provides detailed, in-depth explanations for each answer to ensure thorough understanding of concepts.
- Implemented a custom authentication system using JWT for secure user access and session management.
- Built using modern technologies including React, Tailwind CSS, Node.js, Express.js, and MongoDB.

QuickNote(01/2026 - 1/2026) (Github Link : <https://github.com/Nitish2909/QuickNote>)

Developed a RESTful backend API for creating, updating, deleting, and managing user notes :

- Designed and managed MongoDB schemas for efficient data storage and retrieval.
- Built CRUD operations with proper validation and error handling using Express.js.

Countries (07/2025 - 08/2025) (Github Link : <https://github.com/Nitish2909/Countries>)

A web app that displays detailed information about countries

- Developed a web app using REST Countries API to display country information
- Fetched and displayed data such as name, capital, region, and population
- Utilized modern web technologies for a seamless user interface

SKILLS

- **Programming Languages** : JavaScript, Java, Python
- **Full Stack Web Development** : React, Redux Toolkit, Tailwind CSS, Node.js, Express.js
- **Databases** : MongoDB, MySQL
- **DevOps Tools** : Git/GitHub
- **Data & Machine Learning** : Data Analysis & Visualization, Machine Learning (ML)
- **Computer Science Fundamentals** : DBMS, Operating System, Networking
